

VANGUARD FORGE

Run your business on a system — not on yourself.

Founded by a retired U.S. Army Special Forces Operations Sergeant — 24 years leading small teams that stay aligned and execute under pressure. Veteran-owned. Panama City, Florida.

THE PROBLEM I FIX

Most owners **are** the business. Every decision runs through you, the team pulls in different directions, and growth feels like chaos instead of progress. I install a simple operating system so your company runs on a clear structure — and stops depending on you being in every room.

THE VANGUARD OPERATING SYSTEM

- 01 A clear vision** everyone on the team actually understands.
- 02 The right people** in the right seats, doing the right work.
- 03 A short list of priorities** the whole team can see.
- 04 A steady rhythm** of check-ins that builds real accountability.

The result: your time back, a team that executes without being chased, and growth without the chaos.

HOW WE START

- Owner-led** A founding engagement — install a simple operating rhythm so the business runs without you in every decision.
- 3–15 on the team** Your core install. Direct work with you, flat-fee package, fast cycle.
- 15–75 on the team** Leadership-team install, scoped from a diagnostic — no surprises, no bloat.
- Larger / advisory** Fractional-COO and program advisory for organizations that need a steady operational hand.
